

Cummins-Wagner-Florida, LLC • 100% Employee Owned

TAMPA: 9834 Curie Davis Drive, Tampa FL Phone: 800-248-0155

JACKSONVILLE 7900 Belfort Parkway, Ste 500, Jacksonville FL Phone: 904-693-2598

Cummins-Wagner builds application specific chemical metering systems for multiple industries including pulp and paper, power generation, pharmaceutical, agricultural, water treatment and many others. These systems provide cost effective solutions that will help your customer optimize process requirements and achieve lower manufacturing costs. We can provide detailed specifications and drawings to your market specific application.

Chemical Feed Systems

We make the process quick & easy for you to offer a solution that fits your customer's requirements.

- 1. Complete a FAST form specific to chemical feed systems.
- 2. Contact Cummins-Wagner for pricing.
- 3. Review Specifications and provide approval.
- 4. The customer places orders directly to Cummins-Wagner.

All systems are built with quality components to help deliver high performance and long life. Our chemical metering skids include all accessories necessary for safe and reliable operation. Cummins-Wagner can help you choose the right materials for construction and the right components for your application.
