Unlock Enhanced Submersible Pump Servicing with FRMA's Crane Truck!

9 TOWN FOREST ROAD, OXFORD, MA 01540 | (508) 765-0051 | WWW.FRMAHONY.COM

FRMA is proud to introduce the newest addition to our fleet, the Stellar EC3200 Crane Truck. This powerful vehicle expands our service capabilities, enabling us to handle and service larger submersible pumps with greater efficiency, reach, and precision.

What It Means for You

- **Increased Reach:** 15' boom extension provides exceptional access to hard-to-reach pump locations.
- **Heavy-Duty Lifting:** 3,200 lb lifting capacity makes servicing large submersible pumps easier and safer.
- **Versatile Operation:** Compact design allows for quick, reliable deployment on a wide range of job sites.
- **Expert Service:** Backed by FRMA's industry-leading experience in submersible pump service across New England.

Why Choose FRMA for Your Heavy-Lifting Needs?

Crane Rating: 11,500 ft-lbs

Boom Length: 7' standard (extends up to 15')

Vertical Lift: 16' 2"

Lifting Capacity:

- Max: 3,200 lbs
- Full Extension: 640 lbs

Contact us today to learn more about how we can assist with your pump service needs!
